Dr. Emily Lembeck
Superintendent
Marietta City Schools
250 Howard Street
Marietta, GA 30060

Dear Dr. Lembeck,

Atlanta Junior Bridge Inc., a non-profit corporation, is offering children and young adults the opportunity to learn and play the card game of bridge. A mentally challenging and socially rewarding game, bridge is rapidly growing in popularity among children and adults.

We have seven summer bridge camps scheduled in the greater Atlanta area and we are distributing information concerning these camps in Marietta. Attached is a sample of a poster and flyer which would be given to your individual schools. We are not requesting the information be sent home with your children, but simply posted so that children who are interested have access to the information.

Please have Atlanta Junior Bridge added to your list of approved summer information within your school system.

Our enclosed brochure and our web site at www.atlantajuniorbridge.org further describe our organization and the benefits that bridge offers to youngsters.

If you have any questions concerning this program, please feel free to contact me by phone 770-457-6251 or e-mail patty@atlantajuniorbridge.org

Thank you,

Patty Tucker, President
