Dear <name>,

Atlanta Junior Bridge has been teaching the game of bridge to children in the metro Atlanta area, for free, over the past three years. Bridge offers the children an opportunity to meet other children, exercise their mind and have fun in a safe and controlled environment.

We plan to hold over fifteen summer workshops this year in locations in metro Atlanta and hope that you would be willing to offer us space at your facility to teach a class. The workshops are typically one week, Monday through Friday, two hours a day. We would supply all the materials necessary for our class including tables, but would need to use chairs supplied by you.

I will call you next week and would appreciate an opportunity to speak with you at your convenience and tell you more about the exciting opportunities that bridge can offer Atlanta's youth.

Thank you,

Patty Tucker  
President
